The finishing touch

A stylish range of cornices to suit every home

CSR

Give every room a lift

Gyprock™ decorative cornices are the perfect finishing touch, no matter what style of home you have. With their unique profiles, each cornice has a distinctive look and feel and adds a great sensation of height and space. For beauty, quality and value, Gyprock™ decorative cornices are the ones to look up to.

Did you know?

Cornices first became popular in late 19th century Victorian England and were large and ornate. During the early 20th century, Federation and Art Nouveau styles featured flowers, leaves and medallions; or in Australia, gum nuts, birds and animals.

Art Deco style cornices of the 1930s and 40s were stepped, with geometric patterns. Up until the 70s, simple, curved cornices were the trend. However today, decorative cornices are the popular choice with homeowners, architects and interior designers.

A wide range of styles is in demand for commercial and residential buildings, from federation, to ultra modern.

Easy to install

Most leading builders offer the full range of Gyprock™ decorative cornices. If you choose to DIY, they're easy to install, with no special equipment required. They're also impressive value, starting from approximately \$100 a room to add a permanent feature. So why choose an ordinary cornice, when you can have a Gyprock™ decorative cornice?

Guaranteed for life

As Australia's leading plasterboard manufacturer, Gyprock™ is the only company to give a Lifetime Guarantee on the materials and manufacture of our cornices. Our decorative cornices offer many features and benefits that outperform others on the market.

Two perfect collections

Choose from two stylish Gyprock™ Cornice Collections. Our Traditional Collection and Contemporary Collection each create a unique mood to give your home the perfect finishing touch.

Traditional Collection

To create an elegant mood in your home, choose a decorative cornice from our Traditional Collection. Symphony™, Classic and Concerto™ perfectly complement more traditional architecture, giving distinctive style to any room.

Strong use of shadow lines and sophisticated curves add a perfect touch of character and charm.

Symphony™

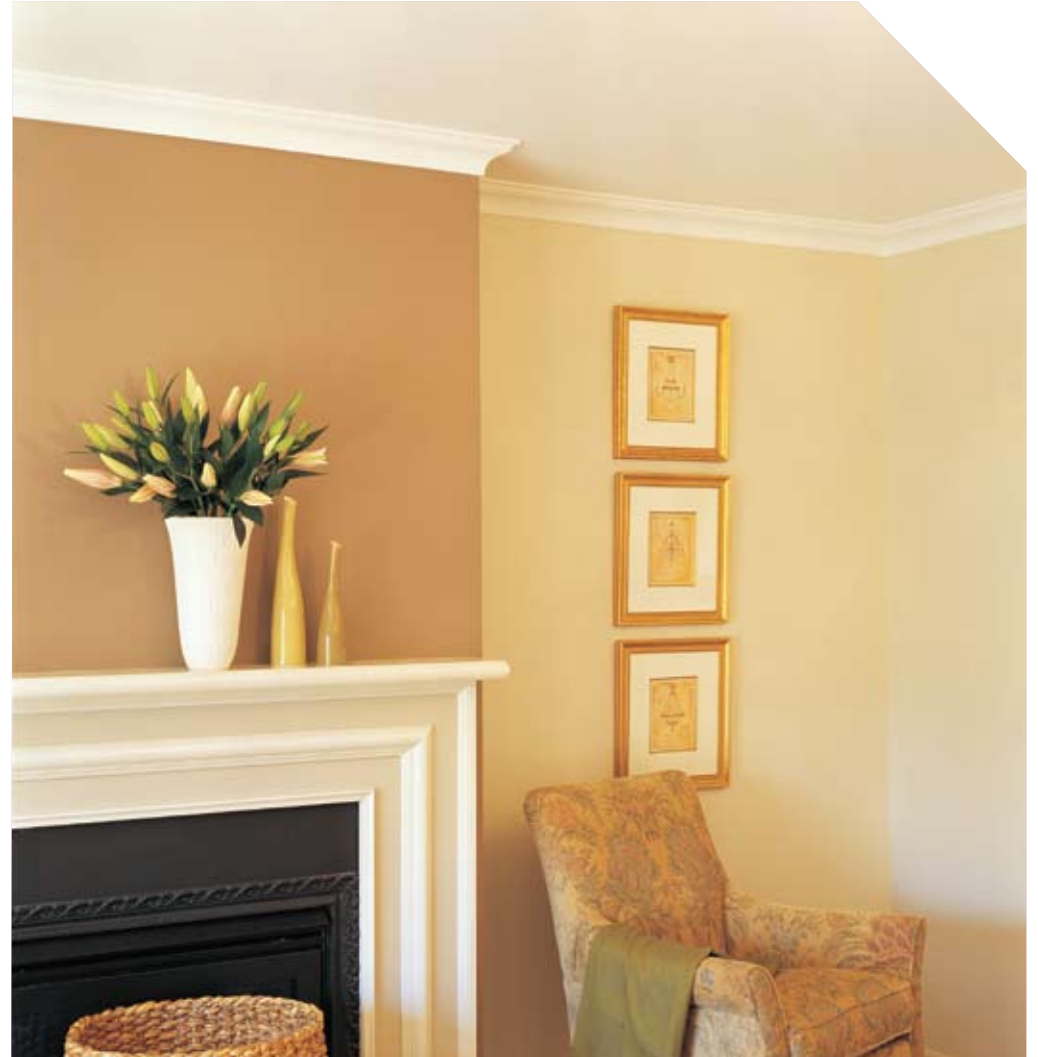

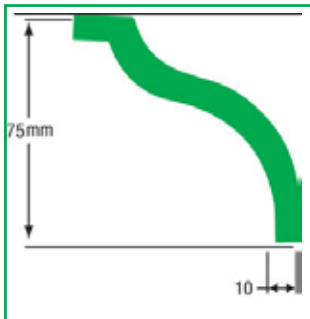

Federation character

For timeless design with federation character, Symphony™ hits all the right notes. It's inspired by European master craftsmen, who for centuries have used the concept of flowing, traditional lines to enhance interiors. Symphony's versatile multi-dimensional curves give any room an elegant touch.

Key features

- 75mm profile
- Combines a strong shadow line with an attractive wave effect
- A stylish finish to any room

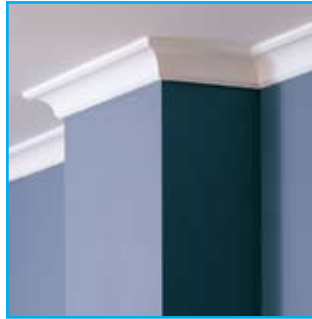

The gracious flowing lines of this Federation home are perfectly accentuated by the Symphony cornice.

Classic™

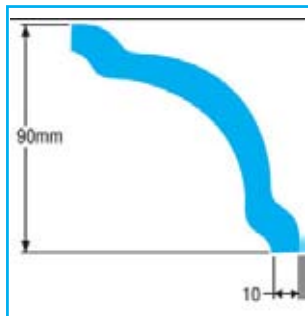

Elegant looks

The name says it all. Our Classic Cornice is a favourite, adding elegance to your home. Classic creates a subtle shadow line where your wall and ceiling meet, accentuating the shape of any room and adding depth and character. Another distinctive feature is Classic's ease of installation. Perfect for building and renovating, it fits directly over an existing 55mm cornice, saving time and money.

Key features

- 90mm profile
- Combines a subtle, contrasting line and shadow
- Accentuates a feeling of space

The soft elegant Classic Cornice beautifully compliments the strong louvre feature in this traditional home office.

Concerto™

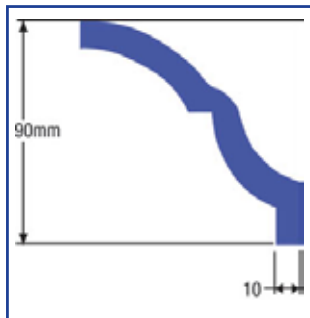

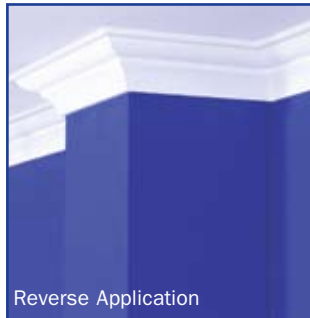

Versatile performance

Add a touch of sophistication that transforms with the play of light in your home. By day Concerto™ combines smooth curves and distinctive lines for a modern architectural profile. By evening, its subtle centre 'step' creates a dramatic shadow, changing the mood and feel of the room. Concerto can be faced towards the ceiling or floor adding style whichever way you look at it.

Key features

- 90mm profile
- Smooth curves and sharp centre step
- Centre step creates a dramatic shadow
- Can be installed upside down for a completely different effect

A Concerto cornice adds charm and detail to the clean lines of this large living space.

Contemporary Collection

For the latest stunning ceiling effects in modern homes or apartments, choose from the Gyprock™ Contemporary Collection. Tempo™, Jazz™ and new ShadowSet™ give you a choice of dramatic shadow lines and exciting designer styles for a cutting edge look.

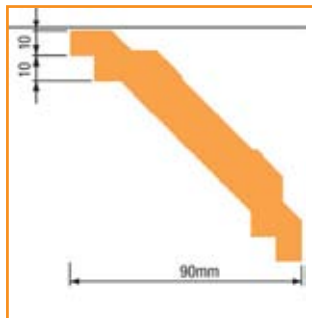

Tempo™

Designer style

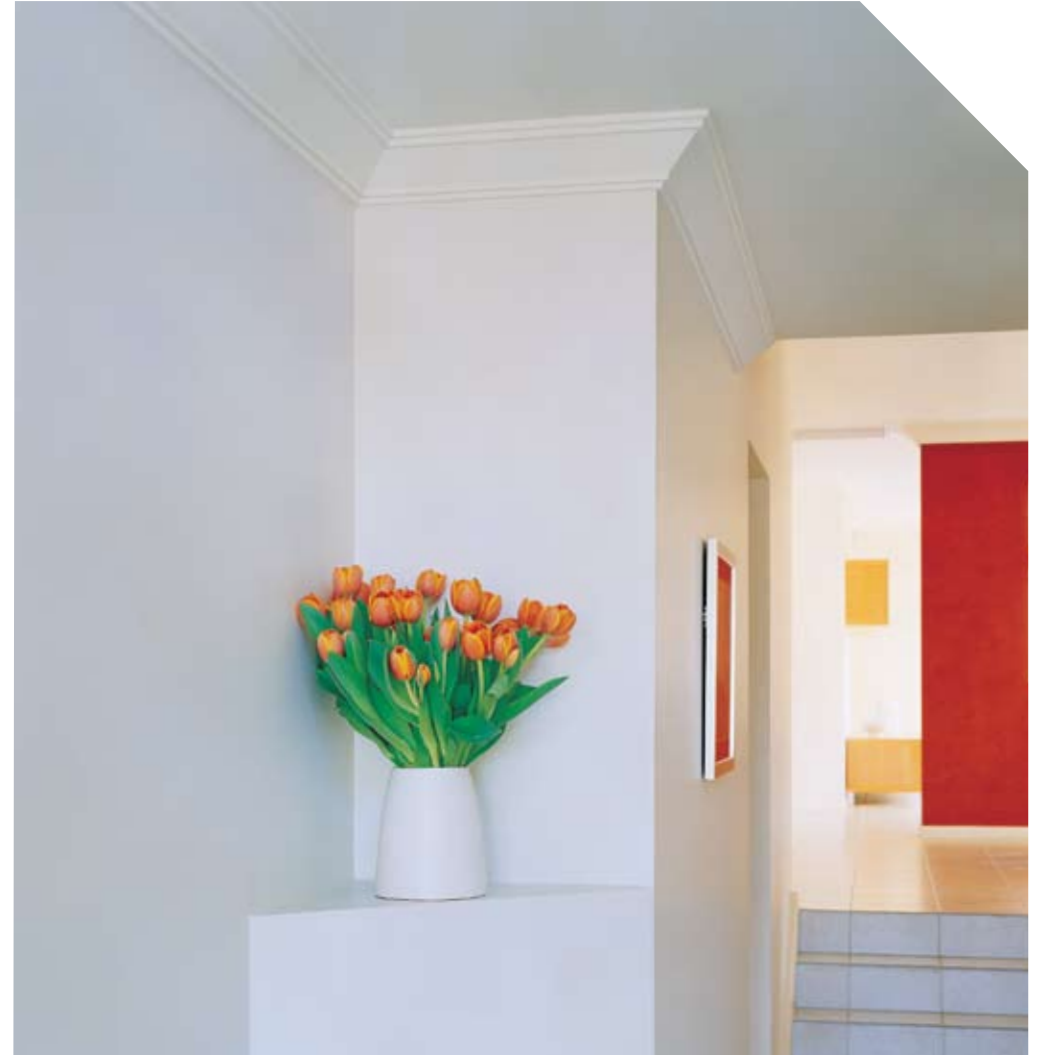

Featuring multiple shadow effects, Tempo™ gives every room a designer edge. Strong lines combine with soft curves to create the finishing touch you've been looking for. Easy to install over an existing cornice, Tempo is a popular choice, perfectly in step with contemporary themes.

Key features

- 90mm profile
- Multiple shadow line creates a designer edge
- Creates a crisp modern feel

A modern executive home gets a lift and a new angle on style with the Tempo™ cornice.

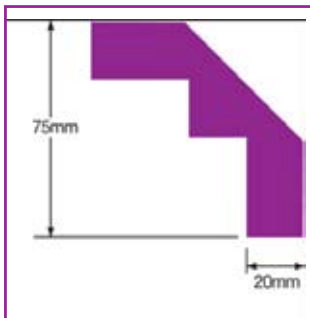

Jazz™

Retro now

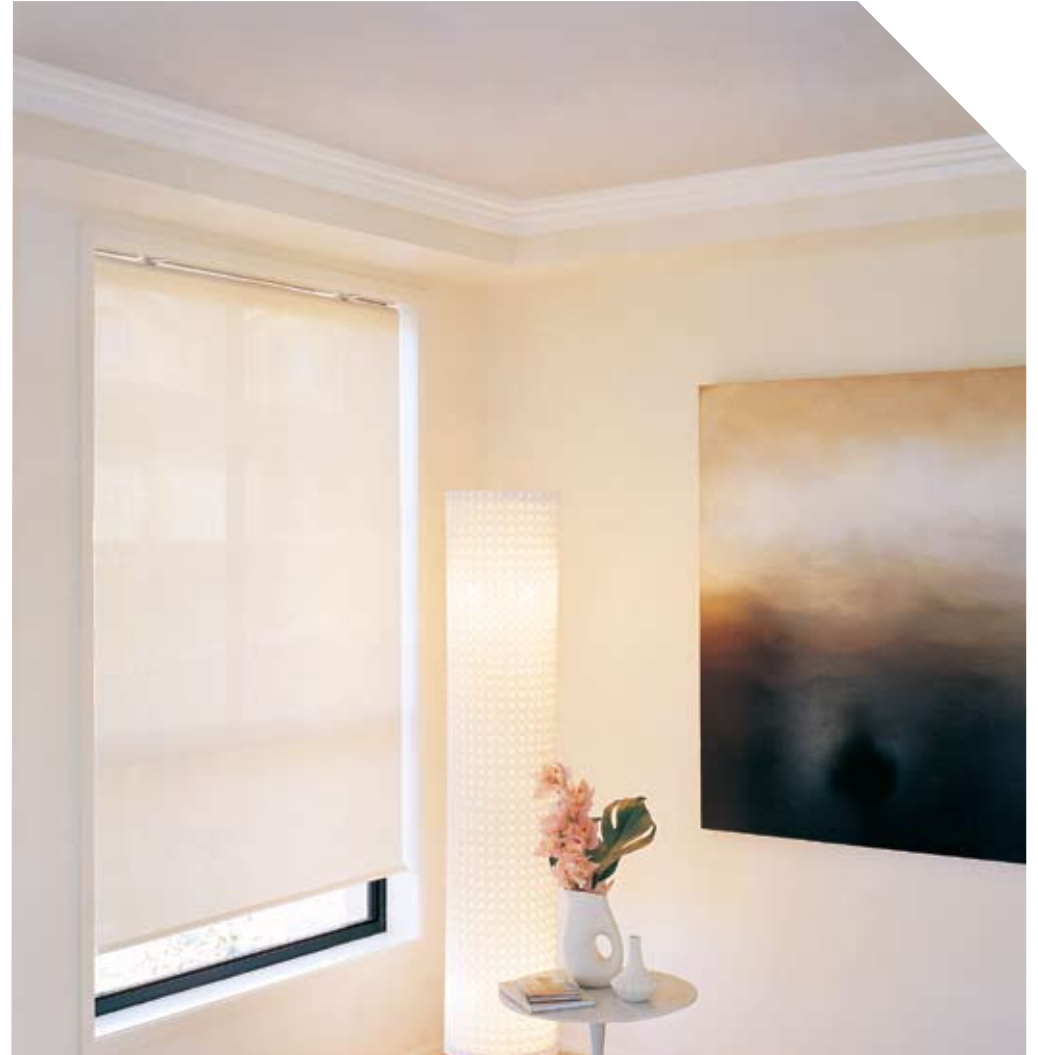

With its distinctive 3-step profile, Jazz™ creates a truly contemporary look in your home. Crisp symmetrical lines and angles accentuate any room giving it an art deco mood with a modern twist. Jazz™ is especially ideal for 2.4m and 2.7m ceilings, adding a sensation of height and space. With its ultra modern styling, Jazz™ is music to your eyes.

Key features

- 75mm profile
- Modern 3-step design
- Clean sharp lines for contemporary style

The strong geometric lines of the Jazz™ cornice give this modern home a stunning lift.

New ShadowSet™

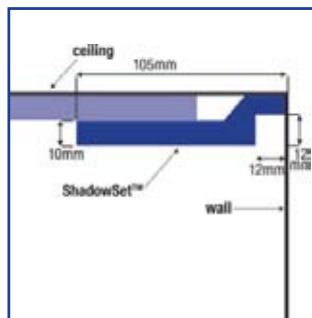

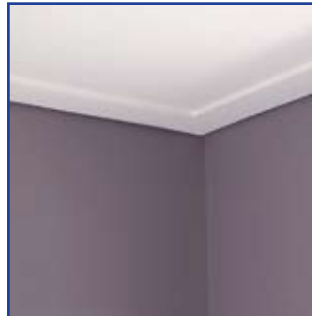

ShadowSet™ is an exciting ceiling effect for contemporary homes and apartments that provides a spacious floating ceiling effect. You'll enjoy the latest designer styling, with Gyprock ShadowSet™

Less is more

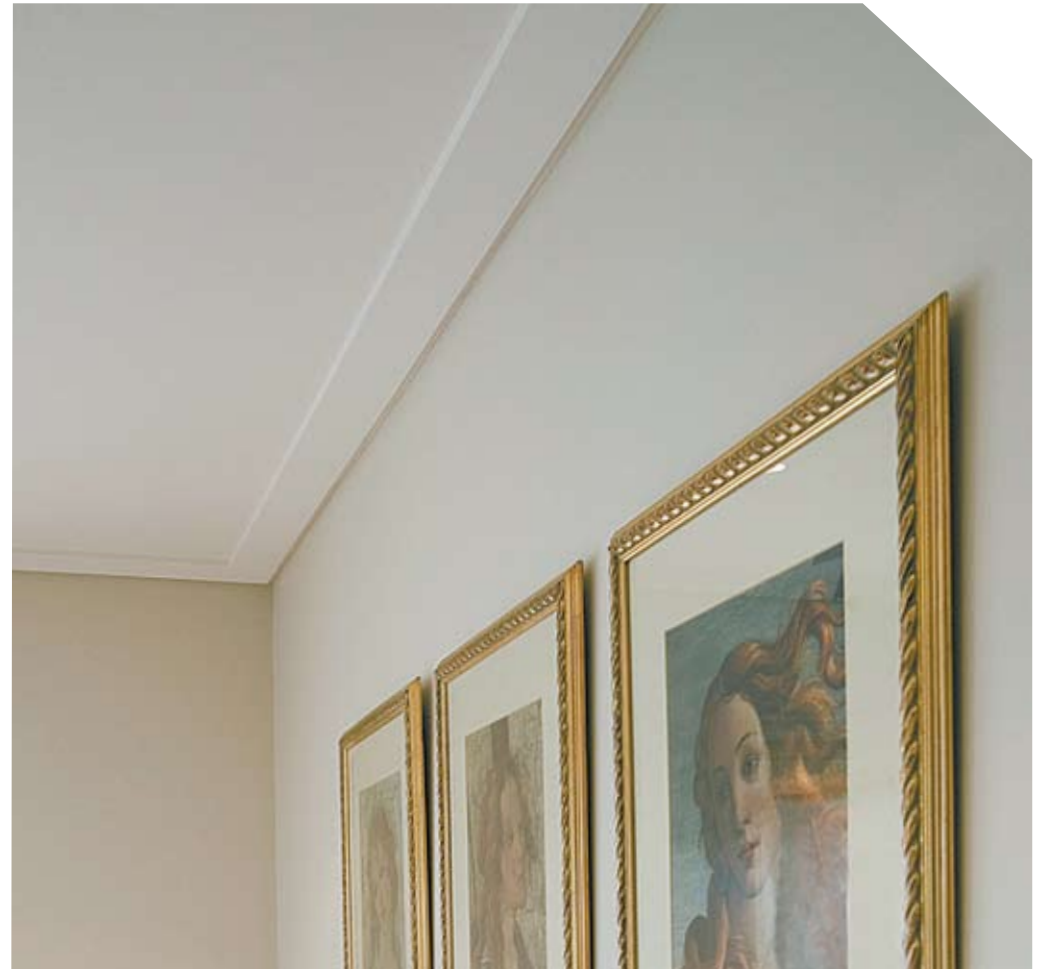

ShadowSet™ creates a dramatic, streamlined effect. Its clean geometric lines and recessed shadows accentuate a feeling of spacious style. Unlike an ordinary 'square set' effect, there's no risk of cracks or uneven gaps at the junction of wall and ceiling.

Key features

- 12mm shadow recess
- Ultra modern
- Streamlined to suit minimalist decor

ShadowSet™ creates a dramatic ceiling effect throughout this contemporary designer home.
